

Corporate Statement

The Board of Directors of Torian Resources Limited ("Company") is committed to maintaining high standards of Corporate Governance. This Corporate Governance Statement (Statement) discloses the extent to which the Company has followed the ASX Principles and Recommendations.

The information in this Statement has been approved by the Board and is current as at the date of this Report.

Role of the Board and Management

The respective roles and responsibilities of the Board and management are detailed in the Board Charter available on the Company's website.

The Board Charter also sets out the matters expressly reserved to the Board and those delegated to management (see Management section of this Statement).

Appointment, Induction and Training

In selecting new Directors, the Board must ensure that the candidate has the appropriate range of skills, experience and expertise that will best complement Board effectiveness.

The Company ensures that appropriate background checks are undertaken regarding a potential new Director's character, experience, education, criminal record and bankruptcy history before appointing or putting forward a candidate to shareholders for election as a Director.

The Company also provides its shareholders with all material information in its possession that is relevant to their decision on whether or not to elect or re-elect a Director through the Notice of Meeting, Director resumes and other information contained in the Annual Report and on the Company's website.

Upon appointment, each Director will receive a written agreement which sets out the terms of their appointment. New Directors will also attend an induction program where they are briefed on the Company's:

- operations and the industry sectors in which it operates;
- financial, strategic, operational and risk management position;
- governance matters, policies and procedures; and
- the Director and committee member's rights, duties and responsibilities.

Directors are also provided with regular professional development opportunities to develop and maintain the skills and knowledge needed to perform their role as Directors effectively.

Board Performance

The Company believes that it is important that the Board reviews its own performance to ensure it is performing at a high level. Under the Board Charter, the Board must conduct an annual performance review. The Charter sets out the process for this review.

A Board review was not conducted in 2015. The Company completed a large transaction during the year and there were a number of director changes. Accordingly, the Board chose to defer the review until all board changes had been finalised and the newly re-constructed board had time to settle into its role, including individual directors' roles.

Independence of the Board

The Board assesses the independence of Non-executive Directors against the definition of an independent Director and the factors set out in Box 2.3 of the ASX Corporate Governance Principles and Recommendations.

The Board comprises two non-executive Directors, neither of whom are independent. Given the Company's background, the nature and size of its business and the current stage of its development, the Board believes that this is both appropriate and acceptable at this time. The Board reviews its composition periodically and has the intention to appoint appropriate independent Directors as required.

The Chairman is not independent however the Board believes that he is suitably skilled to perform the role due to his experience and expertise in the areas that the Company operates in.

Board Skills and Experience

The length of service of each Director is set out in the Directors' Report of the Annual Report and on the website.

The skills and experience of each Director is set out in the matrix below.

Board Committees

The Board does not currently have an Audit Committee, a Risk Committee, a Remuneration Committee or a Nomination Committee. The Board as a whole undertakes the role of each of these Committees. Given the size of the Board, the Board believes that to be appropriate at this time.

Audit

The Board independently reviews, verifies and safeguards the integrity of its corporate reporting, including regularly monitoring the appointment and removal of the external auditor and the rotation of the audit engagement partner.

Risk

The Board oversees the Company's risk management framework and internal control systems through regular monitoring, assessment and review.

The Board is required to review, at least annually, the effectiveness of the Company's risk management and internal control systems. This review was not conducted in 2015. The Board has been focusing on the completion of a major transaction, including establishing a new head office with new staff and resources. The Board has been implementing risk management processes and internal controls and has deferred a formal review until all such processes and procedures are in place.

The Board reviews and assesses the Company's exposure to economic, environmental and social sustainability risks and determines the Company's approach to managing those risks.

Remuneration

The Board has a number of processes that it employs for setting the level and composition of remuneration for Directors and ensuring that such remuneration is appropriate and not excessive. These are described in the Remuneration Report of the Annual Report. The Remuneration Report also includes a summary of our policies and practices regarding the remuneration of Directors. The Remuneration Policy is also available on the Company's website.

Nomination

The Board addresses succession issues and ensures that the Board has the appropriate balance of skills, knowledge, experience, independence and diversity to enable it to discharge its duties and responsibilities effectively through regular review and assessment.

Internal Audit

The Company does not have an internal audit function, and due to its size and current activities the Board does not believe that one is warranted at this time. The Board evaluates and monitors internal control processes to continually improve the effectiveness of its risk management.

External Auditor

The Company's external auditor, RSM Bird Cameron Partners, attends the Annual General Meeting (AGM) and a representative is available to answer questions from shareholders relevant to the audit at the AGM. RSM Bird Cameron Partners' independence declaration is contained in the Directors' Report in the 2015 Annual Report.

- written agreements which set out the terms of their appointment;
- a process for periodically evaluating their performance; and

- policies and practices regarding remuneration

for each of its employees and contractors.

Additionally, the Board received a declaration to this effect from the Managing Director before it approved the 2015 financial statements.
