About Torian:

Torian Resources Ltd (ASX:TNR) is a gold exploration and development company with an extensive and strategic land holding comprising eight projects and over 400km² of tenure in the Goldfields Region of Western Australia. Aside from the present Mt Stirling Project in the Leonora region the Company is also focused on its Zuleika JV with Dampier Gold Ltd (ASX:DAU), which is located along the world-class Zuleika Shear. The Zuleika Shear is the fourth largest gold producing region in Australia and consistently produces some of the country's highest grade and lowest cost gold mines. This project lies north and partly along strike of several major gold deposits including Northern Star's (ASX: NST) 7.0Moz East Kundana Joint Venture and Evolution's (ASX: EVN) 1.8Moz Frogs Legs and White Foil deposits.

Directors

Torian's other projects within the Kalgoorlie region include the Credo Well Joint Venture with Dampier Gold Ltd (ASX:DAU), Bonnie Vale and Gibraltar projects.

A new focus of the Company is the Mount Monger/Wombola Project. The Mount Monger goldfield is located within the Kalgoorlie terrane subdivision of the Eastern Goldfields Province. Gold mining began in the Mount Monger area during the early 1900s. The Company's 3,700 hectare Mount Monger/Wombola Project lies within close vicinity of Silver Lake Resources Ltd's (ASX:SLR) key asset, the Mount Monger Gold Camp, located 50 km south east of Kalgoorlie, a prolific part of the Eastern Goldfields district of Western Australia. The Mount Monger Camp had produced ~158,000 ounces for Silver Lake in FY18.
